

February 2013 Email Update

Dear 1010 Supporters

Help us do the crunch

It was great to see so many of you at the Cricket Club on Jan 30th for the Annual Planning Meeting - especially all those new faces who've taken the plunge and got involved. We had a lively discussion, once again, and have a really interesting 'long list' of ideas and projects to focus on in 2013. Now we need to crunch them down to an action plan. If you want to help - come along to the Steering Group meeting this Weds - 20 Feb, at 8 pm at the Norfolk Arms.

Results will be circulated shortly afterwards, so stay tuned.

February Green Drinks

The following Weds, Feb 27th, is our first Green Drinks evening of 2013 - again at the Norfolk Arms, starting at 8 pm. **David Herson will be talking about "Waste Prevention in West Sussex: A Load of Old Rubbish!"**

Now you can recycle milk bottle tops

On that very subject, at last, there's an easy way of recycling those plastic milk bottle tops that you're never quite sure what to do with. Should they go in the Blue recycling bin? No, apparently. They're a different type of plastic and need to be recycled separately. Now there's an easy way to do it - St Andrew and St Cuthman Church have started a scheme. There's special bins in the church and Penfold Hall. You need to wash your bottle tops (anything with a recycling triangle on it), collect them in a bag, and drop them off in the bins. The proceeds go to supporting Knowles Tooth family support centre.

Best wishes
Geoff
